## 1 SUMMARY OF MAIN POINTS

- a) Customs allows clients to partake in the Customs deferment arrangement by deferring the payment of Customs duty and VAT for a period of up to thirty (30) days. This document encapsulates the deferment requirements and processing of Customs duties and VAT.
- b) It outlines the legal requirements and the respective timeframes allowed.

## 2 STANDARD

### 2.1 Application for deferment

- a) Customs duties and VAT are payable in accordance with Section 39(1)(b) at the time of importation.
- b) However, payment may be deferred for up to thirty (30) days on a deferment account. No duties and levies on locally manufactured goods may be deferred under this arrangement.
- c) Only Customs clients registered in terms of Section 59A may utilise the deferment arrangement. Applications for a deferment account must be made in terms of SC-CF-19.
- d) On the application form, the client must list all offices that they wish to make use of and select the respective payment dates at each of these offices, which can be from the first to the twenty-eighth of each month. This will be the agreed payment date. The agreed payment date will remain fixed every month, for as long as the client participates in the deferment arrangement.
- e) Customs reserves the right to alter such a date to ensure even distribution of the workload. This will be done prior to the client partaking in the deferment arrangement and must be approved by the client.

### 2.2 Client processes deferment declaration and monitors CSA

- a) If a clearing agent or broker utilises the deferment account of an importer they need to obtain a power of attorney and provide Customs with a copy of such. The original must be kept by the client and produced to Customs when requested to do so. See SC-DT-B-01-A08 – Power of Attorney.
- b) If the deferment limit in any deferment period has been exceeded the client will not be able to defer any more duties or VAT for the remainder of that period. All further duties or VAT must be paid immediately on eFiling or by any alternative Customs payment method in the event that eFiling is not available, until such time the client either increases the deferment limit or settles the account in full or in part.
- c) The deferment level is set at a maximum amount sufficient to cover all deferred charges that are likely to occur in any given period at the time the applicant joins the deferment arrangement. For peak periods, the client can request an increase in the deferment limit for a specific period. An additional bond might be required. Once the specified deferment period in which the increase has been granted expires the increase will be removed and the deferment limit will revert to the original deferment limit amount.
- d) Clients must have access to eFiling to view the CSA. Where eFiling is not available, the Branch Office or Customs Compliance Centre (CCC) will assist the client by obtaining the CSA or transaction information from service manager. Refer to CA-01-M01 – Customs eAccount on eFiling – External Manual.
- e) During the deferment period
  - i) The Interim CSA must be closely monitored and prompt corrective action taken to increase the deferment limit when required to do so or correct any incorrect information on the CSA.
  - ii) Clients are allowed to make partial payments on the deferment account. Refer to paragraph 2.4.

- f) At the end of the deferment period
  - i) A CSA is available on eFiling and if eFiling is not available by contacting the SARS Contact Centre.
  - ii) Clients are required to ensure that:
    - A) Their accounts are accurate and complete;
    - B) All unallocated credits are resolved prior to the statement period end date; and
    - C) Any outstanding debt is settled within the defined payment terms.

### 2.3 Clients makes adjustments

- a) CSA discrepancies must be immediately raised with the respective Customs Office:
  - i) If the client framed an incorrect Customs declaration, the client must submit an amended Customs declaration (SC-CF-04).
  - ii) Refunds and drawbacks are processed in terms of SC-DT-C-13.
  - iii) If the client disagrees with the amounts reflected on the CSA due to any circumstances other than (i) or (ii) above a detailed submission, in writing, setting out the grounds for disagreement must be submitted to Customs to request the change to the account. This request will be routed to the correct department for resolution. Refer to CA-01-M01 – Customs eAccount on eFiling – External Manual.
- b) The amount due on the CSA less approved adjustments must be paid on or before the agreed payment date to avoid interest and penalties. See 0 for payment.
- c) In order to settle the lesser amount referred to in (b), all adjustments must be accounted for in full during the settlement period.

### 2.4 Client makes payment

- a) Payment must be done by eFiling (CA-01-M01 – Customs eAccount on eFiling – External Manual).
- b) The amount due on the CSA may differ from the amount due on the deferment account, as it will not reflect any part payments received or adjustments made during the settlement period. If the client has submitted a possible adjustment that has not been approved by Customs at the time of payment, the client can either:
  - i) Settle the amount due as reflected on the CSA.
  - ii) Settle the amount due on the CSA less those adjustments accounted for during the settlement period, as defined (see paragraph 4).
  - iii) In exceptional circumstances, pay the CSA amount less the amount not yet taken into account. If this option is chosen the following may occur:
    - A) To avoid possible suspension the client must ensure that a detailed submission as referred to in paragraph 2.3(a)iii) is received before the agreed payment date at the Cash Office in the Branch Office where the deferment account is held. Follow-ups on the case must be directed to the local Branch Office.
    - B) If the grounds given by the client for the lesser amount are not accepted by Customs as legitimate adjustments the client may become liable for penalties, interest and the deferment account may be suspended.
- c) If eFiling is not possible, alternative arrangements must be agreed to.
- d) Deferment accounts are payable within seven (7) calendar days from the close of the deferment account period. This date is known as the agreed payment date and may differ from one (1) client to another.
- e) Clients are allowed to make partial payments on the deferment account during the deferment account period. The full amount must be settled on the agreed payment date to avoid any penalties and interest charges on the outstanding amount.
- f) Refunds or drawbacks due to a client will be offset against a client's deferment account if the deferment account is in arrears. This will only be applicable where it is the importer's own deferment

account. No offsetting will take place between different clients' accounts submitted by a single agent. See SC-DT-C-04 – Refunds and Drawback – External Standard.

- g) If the date falls on a public holiday or weekend, payment must occur on the last working day before this date.
- h) In addition to the twelve (12) regular payment dates chosen by the client there will be a thirteenth payment date in March each year.
- i) Clients may be required to make additional payments for the financial year-end period. The respective payment date for the March year-end process must be communicated to deferment participants at least thirty (30) calendar days before payment is required in order to allow deferment account holders to plan accordingly.
- j) To illustrate, if a client selects the seventh as payment date, the deferment periods will be as follows:

Starting date	Ending date	Payment date
2.../08/01	2.../08/30	2.../09/06
2.../09/01	2.../09/30	2.../10/07

- k) Customs reserves the right to charge interest and penalties on late payment(s).

## 2.5 Informing client of a breach of the deferment agreement

- a) A client is in breach of the deferment agreement where:
  - i) The full amount is not settled on the agreed payment date – this will be reflected on the monthly Customs Statement of Account (CSA) which serves as a notice to suspend or cancel the deferment account;
  - ii) The client ceased to trade for a period of six (6) months;
  - iii) The guarantor has withdrawn the security; or
  - iv) Any other SARS debt is outstanding.
- b) Where a client is in breach as stipulated in (a) above:
  - i) Representation must be submitted by the client within seven (7) calendar days from the issuing of the CSA to motivate why he/she must not be penalised, suspended or cancelled;
  - ii) The client must pay any due amounts that are not under dispute; and
  - iii) If no grounds for mitigating circumstances could be found by Customs or presented by the client the client must be:
    - A) For the first default suspended from the deferment arrangement for a period of one (1) month from the statement closing date.
    - B) For the second default suspended from the deferment arrangement for a period of two (2) months from the statement closing date.
    - C) For the third default the deferment account will be cancelled. The client may not be reinstated on the deferment arrangement and may only submit a new application after a minimum period of twelve (12) calendar months has elapsed. The Certificate of Approval to partake in the Deferment Scheme (DA 652) must be returned to Customs within three (3) working days from the date of receipt of this notification of **cancellation**.
- c) The account will be subject to the outstanding duties, penalties and interests which will be covered in the CSA.
- d) Clients need to be aware that the penalty and interest differ between Customs duty and VAT and such will be applied according to the respective Acts and penalty documents.
- e) Cancellations can be requested by the following entities and the procedures as defined in SC-SE-05 must be complied with:
  - i) By Customs;
  - ii) The financial institution; or
  - iii) The deferment client.

## 2.6 Decision regarding suspension and cancellation

- a) Customs will consider the facts of the case and may:
  - i) Allow the continuation of the deferment arrangement;
  - ii) Make a decision regarding a particular amount or declaration; or
  - iii) If there are no additional facts or grounds for mitigating circumstances in the allowed period, the client must be suspended from utilising the deferment arrangement and the respective penalties may be implemented.
- b) The deferment arrangement may not be utilised under any circumstances if the client has been suspended as stated above or cancelled and the client must pay the respective duties and/or VAT for any new import declaration immediately in addition to settling the deferment account.

## 2.7 Keeping records

- a) Every client must keep for record purposes for a period of five (5) years:
  - i) Books, accounts and documents in respect of all transactions relating to the Rules for the purpose of any acquittal procedure; and
  - ii) Any data related to such documents created by means of a computer.
- b) The five (5) year period is calculated from the end of the calendar year in which the document was created, lodged or required. (Sections 101 and 101A).
- c) Every client must produce such books, accounts and documents on demand.

## 2.8 Penalties

- a) Failure to adhere to the provisions of the Act, as set out in this document, is considered an offence.
- b) Offences may render the client liable to, as provided for in the Act:
  - i) Monetary penalties;
  - ii) Criminal prosecution; and/or
  - i) Suspension and/or cancellation of the deferment account [see paragraph 2.5 (b)(iii) above], registration, license, accreditation and/or designation.

## 2.9 Appeals against decisions

- a) In cases where clients are not satisfied with any decision taken in terms of the Customs and Excise Act they have a right of appeal to the relevant appeal committee. The policy in this regard, as well as the process to be followed, is contained in document SC-CC-24.
- b) If clients disagree with a decision of any appeal committee their recourse will be to lodge an application for ADR (Alternative Dispute Resolution) with the relevant appeal committee. The committee will add its comments thereto and forward the application to the ADR Unit for attention. The policy in this regard, as well as the process to be followed is contained in document SC-CC-26.
- c) Should clients wish to appeal any decisions in terms of VAT penalties, they are directed to the provisions of Sections 215 to 220 of the Tax Administration Act No. 28 of 2011 for the percentage based penalty and Section 224 of the Tax Administration Act No. 28 of 2011 for the understatement penalty. In this regard, please consult the SARS website or nearest Customs Branch Office.
